Nguyễn Huy

Intern BackEnd

📞 0358988403 ✉ a1k28cbq@gmail.com 🔗   📍 Hưng Đạo - Hà Nội

OBJECTIVE

Aspiring to start my career as a Fresher Back-end Developer, with a strong focus on building and enhancing skills in C#, NET Core, Entity Framework, RESTful API development, and SQL Server. My goal within the next 1-2 years is to become a competent Back-end Developer by gaining hands-on project experience, improving problem-solving abilities, and deepening my knowledge of software architecture, system scalability, and performance optimization.

EDUCATION

FPT University (2021-2025)   -

Majors: Software Engineering

GPA: 3.0/4.0

PROJECTS

Online Cinema Booking System (Individual Project)   -

Technologies : ASP.NET MVC , Entity Framework Core , SQL SERVER, SignalR,Redis,
Responsibilities:
+Developed the back-end services using .NET MVC to handle core functionalities such as movie management, showtime scheduling, ticket booking

+ Implemented transaction management in the ticket booking process to ensure data consistency and prevent conflicts when multiple users book seats simultaneously.
+ Designed and implemented the front-end using Razor views with HTML, CSS, and Bootstrap to create a responsive and user-friendly interface for movie selection, seat booking.
+Integrated SignalR for real-time seat selection updates.

Clinic Management System (Team Project – 5 members, Role: Back-End Developer)   -

Technologies : ASP.NET Web API, Entity Framework Core, SQL Server, JWT

Responsibility :
+Designed and implemented advanced security, including JWT-based authentication with access tokens, and Role-Based Access Control
+ Developed back-end services using .NET Web API to handle core functionalities such as doctor management, appointment scheduling, and patient booking, with transaction management to ensure data consistency and avoid scheduling conflicts.
+Designed and optimized database structures with Entity Framework Core and SQL Server to support efficient data retrieval and ensure scalability for clinic operations.

TECHNICAL SKILLS

Languages	C#,Java (basic)
Frameworks	ASP.NET Core, MVC, Web API, Entity Framework
Database	SQL SERVER , MYSQL
Tool	GitHub, Postman

CERTIFICATIONS
